Monument Society.

JAMES C. PICKETT, EDITOR AND PUBLISHER.

The Monument is intended to be a literary, agricultural, and miscellaneous paper. It will contain selections of the literature of the day—the best that can be found in American and English publications: interesting scientific articles, embracing mechanics; foreign and domestic news; a symposis of the proceedings of Congress, and every thing that such a journal might be expected to contain, with the exception of party politics, which will be at all times most rigorously excluded.

The Monument will be published for the express and the sole purpose of taking in the erection of the noble column now rising on the banks of the Potomac, in hose of the Father of his Country, and which every one who venerates the name of Washisgron would rejoice to see completed. After deducting out of the subscription the expenses of the journal proposed to be published, the remaining funds will be faithfully applied, and without reserve, to the purpose indicated. The aid, therefore, of all who are willing to contribute to so patriotic an object, and one so entirely national, is carnestly requested. By subscribing to the Monument, a valuable journal at a low price may be obtained, while it will be doing something, at the same time, towards completing that majestic memorial of the Nation's gratitude.

The Board of Managers recommend Mr. Pickett, formarly Fourth Auditor of the Treasury and Charge d'Affairs to Peru, who proposes to edit and publish the Monument journal, as one well qualified to perform the duties of editor, and to conduct the paper faithfully, and satisfactorily to the subscribers. They assure their failow-citizens that this enterprise is not a speculation get up for individual emolument. Mr. Pickett will make the experiment with his own means and at his own risk; if successful, he will receive nothing more, and he asks nothing more, than a very moderate compensation for his services. Not one dollar, therefore, of the direct subscription to the support of the pa

list of fifty thousand paying subscribers, at two dollars each, will yield an annual net profit of from fifty to sixty thousand dollars.

The postmasters, and secretaries of all organized bodies throughout the Union, are respectfully requested to act as agents in obtaining subscriptions, thus adding the great object of our exertions.

As all editors and publishers, on account of the object for which the Monument newspaper will be established, must wish it to succeed, it is hoped that they will contribute to its succeed, to it is hoped that they will contribute to its succeed, by publishing this prospectus.

All moneys will be remitted, and all letters and moneys addressed prepaid, to the general agent of the Monument Society, Hon. Elisha Whittlessey, Washington.

Oprioras.—Miliard Fillmore, exoglicio President; Arch Handerson, First Vice President; Walter Lemox, (Mayor of Washington). Second Vice President; Thos. Carbery, Third Vice President; J. B. H. Smith, Treasurer; Geo. Watterston, Secretary.

BOARD OF MANAGERS.—Winfield Soott, N. Towson, Thos. Munroe, W. A. Bradley, P. R. Fendall, Waiter Jones, Thomas Blacden, Feter Force, W. W. Scaton, M. F. Maury, T. Hartley Crawford, Bend, Ogle Tayloc, Elisha Whittlessy, Terms.—The MONMENT will be printed on a double royal sheet—the paper and type being of the best quality—and in quarto form, containing sixteen large pages, that it may be more easily preserved. The price will be two dollars per annum, payable on the receipt of the second number. The nature of the onterprise not admitting of any credit, none can be given.

Societies and clubs will be furnished with the Monument on the following terms: 3 copies for \$5; 5 copies, \$8; 10 copies, \$15; &c.

Those who are disposed to patronise the Monument are requested to forward their names to the General Agent, without delay. The first number will be published early in May, and the second on the second day of August, and weekly thereafter; time being allowed for the Prospectus to be circulated, and for the agents to make r

weekly thereafter; time being allowed for the Prospectus to be circulated, and for the agents to make returns. As all subscribers will be contributors to the Monument itself, their names will be published in the paper. Washington, April 23, 1851.

COOPEREY PATTISON, & CO., OF NEW YORK, take leave to inform their friends and the public, that they have taken up the Importing Business on their own account. For the future they will confine themselves strictly to the Commission Business, for the purchase of dry goods, in Glasgow, Scotland.

From their long experience in the trade, they feel confident that they can promote the interest of those engaged in the importation of dry goods, and they respectfully solicit orders, which shall have their best attention.

The name of the firm in Glasgow is changed to Godfray Patrison & Co.

The New York firm being dissolved, they will be pleased to receive orders through their agent, James Pattison, No. 31 Pine street, New York.

Martin's Martic Freezer,

Through in six minutes. For the preparation of
Ice Creams, Water Ices, &c.—Patented September 19, 1848.

tember 19, 1848.

THE distinguising merits of this Apparatus are—
1st. The astemishing rapidity of the process, surpassing belief—hence the mane.
2d. The Cream during the progress of freesing becomes charged with atmospheric air, by which it nearly doubles in bulk, and obtains that peculiar smoothness, lightness, and delicacy of flavor, for which the Ice Cream of our best Confectioners is so highly prized.
2d. It does not require a tenth part of the labor that the common Freezer does.
4th. It does its work better, producing a better article, in every respect, than by any other mode.
5th. There is a considerable saving in ice, as the tub needs no repleusishing during the operation.
The annexed testimonial from the Proprietor of the Eutaw House will put to rest all doubt.
"Having witnessed the process of freezing Ice Cream in Austin's Magic Freezer, two quarts of Cream having been frozen in the incredible short time of six minutes, I cheerfully recommend it to the public."

H. F. JACKSON,
Eutaw House, Baltimore, May 16, 1848.

cheerfully recommend it to the public."

H. F. JACKSON,
Eutaw House, Baltimore, May 16, 1548.

"This is to certify, that during the summer of 1848, I used one of Austin's Patent Ice Cream Freezers of the largest size, (10 gallons,) making from 10 to 50 gallons per day during the season; and so fer as regards expedition and power, I consider it decidedly the best freezer now in use, as I have had with it no difficulty in making ten gallons of superior quality Ice Cream from five of plain Cream, in thirty minutes from the time I commenced working it.

Baltimore, April 6, 1851."

AMERICAN HOUSE, HANOYER STREET, BOSTON

AMERICAN HOUSE, HANOVER STREET, BOSTON.

AMERICAN HOUSE, HANOVER STREET, BOSTON.

THE Undersigned having entirely rebuilt and enlarged the above extensive establishment, containing in all about three hundred and fifty rooms; would respectfully give notice that it is now ready for the reception and accommodation of the travelling community.

An extended notice of the unsurpassed conveniences of this House is deemed superfluous, as the numerous improvements which have been made cannot be properly given in an advertisement. Suffice it to say that no expense has been spaced to render any spartment perfect. The furniture was made expressly to order, regardless of cost, and certain portions of it, especially the Drawing-rooms, will be found to be of the most beautiful and tasteful manufacture. The Dining-rooms are capacious, and the hours for meals will be so arranged as to suit the convenience of the early and late.

Every department will be conducted in an unexceptionable manner, and the Proprietor pledges himself that the American House sha libe truly the Traveller's Home man?

DELAWARE COLLEGE. THE Faculty of Instruction of this Institution its present organization, consists of the formand Professorships, to wit:

A Professorship of Mental and Moral Science,

III. The Constitution of the United States; Astronomy, finished; The Science of Heat; Thermo-Electricity; Chemistry and Geology.

PHILOSOPHICAL APPARATUS.

The College is provided with a Philosophical Apparatus

PHILOSOPHICAL APPARATUS.

The College is provided with a Philosophical Apparatus that furnishes ample means of experimental illustration in all the different branches of Natural Philosophy. The sum of three thousand dollars has recently been expended, partly in this country and partly in London and Paris, in the purchase of new apparatus, adapted to the present advanced state of the Physical Sciences.

EXAMINATIONS.

At the close of each study, or branch of study, the members of the class are carefully examined, and, at the close of a Committee of the Trustees; and their attainments are communicated to the Board of Trustees.

RELIGIOUS INSTRUCTION.

In addition, to daily morning, and evening prayer, di-

RELIGIOUS INSTRUCTION.

In addition to daily morning and evening prayer, divine worship is held twice on every Sunday, and the recitation on Monday morning is always in the Greek Testament. At the request of his parent or guardian, a student is permitted to attend any place of worship which himself or the parent or guardian may select. One member of the Faculty will attend at each of the different places of worship (Presbyterian, Episcopalian, and Methodist) in the village, and note all absentess.

Two at least of the Professors, with their families, will reside in the College buildings, and will board at a common table with the students, who are required to occupy such rooms as may be assigned them by the Faculty.

ADMISSION.

is consumed it is charged to him; if lees, the balance refunded.

Board is furnished with the families of the Professor at two dollars per week.

Washing, at the usual rates.

All dues are payable in advance. The tuition is remited, on application, to all students designed for the Maters.

ted, on approximate the for Modern Languages will be eight dollars per session, to be paid to the Instructor in advance.

For students who do not design to prosecute the whole Course required for a degree, a more limited range of studies is furnished, adapted to the sphere and course of life of each individual, so far as such can be reasonably anticinated.

Ipated.

The studies of this Course are arranged under the following departments, to wit:

1st. A MATHEMATICAL DEPARTMENT—In which, beginning with Arithmetic and Algebra, the student will be carried, seriatim, through all the higher branches of the Mathematics, ending in their application to Natural Philosophy, Astronomy, &c.

2d. An English Department—Comprising instruction in Orthography, Heading, Elocution, Grammar, Writing, Geography, History, Composition, Rhetoric, Logic, Intellectual Philosophy, Moral Philosophy, Political Grammar, Story on the Constitution, Philosophy, Ornithology, Natural Theology, Elements of Criticism, and Evidences of Christianity.

hristianity, accusing of Criticism, and Evidences of 3d. A Mercanthe Department—In which will be im-arted an acquaintance with all that is necessary to qual-y youth for the immediate duties of the counting-house icluding—

1. Pennmanship—By an original and popular system of this art, which invariably produces a bold, finished hand,

business man.

2. Arthmetic—Comprising numerous abbreviated methods of computing Interest, Discount, Equation of Payments, &c., and other mercantile calculations founded on per centage; together with all such operations as are requisite for a thorough knowledge of the business of the

per centage; together with all such operations as are requisite for a thorough knowledge of the business of the counting-room.

3. Book-keeping—Single and Double Entry, by the most approved methods. A complete course of instruction in this branch will be furnished, designed to fit the student to take charge of any set of secount books.

4th. An Achicultural Department—Comprising a selection from the English and Mathematical courses; and. also, Surveying, Bodany, Mineralogy, Geology, Chemistry, and Agricultural Chemistry; the last two illustrated by experimental lectures.

5th. A Civil. English and Mathematical courses; and. are taught Arithmetic, (mental and written.) Algebra, (mental and written.) Geometry. Trigonometry. Surveying, with the use of instruments in the field, Fractical Engineering, Architecture, Perspective, Draughing, and Topography.

5th. A Trachise's Department—The course of study will conduct of a judicious selection of subjects from the other departments, including all the branches pursued in our common school Teaching, both as a science and as an art.

Pupils will not only thus receive the fullest instruction relative to the best and most popular methods of teaching, but they will also have opportunities of exemplifying them, by hearing recitations in the lower departments of the Institution.

7th. A Department of Modern Languages—In which students who wish to take a thorough course can have an opportunity of deing se; while others, whose object may be to acquire sufficient knowledge to translate with fielity, and to pronounce with tolerable correctness, in as short a time as possible, are also provided for.

Newark Academy.

Rewark Academy.

By a late re-organization of this department of Polaware College, the Beard of Trustees have taken measures to place it upon a new and improved foundation, and to endow it with advantages possessed by few similar institutions in the country. The Academy, heretofore merged in the College, and of course subjected to all the erils which have been found to attend the amaignment of the two departments in the same building, and under the same government, now enjoys this privilege of a separate establishment, without losing those which result from its relation to the College proper.

A large and elegant edifice, with all the necessary fatures of a complete boarding establishment, has been exceed and furnished, in which the students of the Academy board, under the immediate charge of the Principal and his Assistants; and all its exercises are confucted on a system of its own, uninterrupted by the interests or operations of the other department. The furnishments of a system of its own, uninterrupted by the interests of operations of the other department. The furnishments in reference to comfort and convenience for study; and no expense has been spared in providing the apparatus necessary to render the means of instruction complete; giving to Newark Academy ficilities for prices study and comfortable accommodation of students, fully equal to those afforded by many of our colleges.

From its inkinate relation to the College, students of the Academy chipy many advantages not generally obtained at institutions of this kind. Those who wish to pursue some particular branch which falls more properly within the College course, may be admitted to recite in any of the College classes. Students also of proper age and discretion, by recommendation of the Principal, and permission of the Faculty, may enjoy the use of the College lases can be profitably enjoyed by academical students.

The charge for Boarding, Washing, Fuel, Light, &c., with tuition in the English, Latin, and Greek, is seventy dollars for the charge

Rev. MATTHEW MEIGS, A. M., President of Delaware College.

MORE HOME EVIDENCE.

MORE HOME EVIDENCE.

THE TESTMONY OF ONE OF OUR LAWYERS.—
Mr. JAS. L. HAMILTON.—DEAR Siz: Although the number and respectability of the testimonials of which you are already in possession, as to the efficacy of your Medicine, "THE GREAT VA. REMEDY," in the diseases which it is designed to cure; are sufficient, in my opinion, to establish its reputation, and secure for it such patronage as will adequately reward you for the discovery of so inestimable a Medicine—yet the great benefit which I have derived from its use, and the salutary effects which I have derived from its use, and the salutary effects which I have derived from its use, and the salutary effects which I have derived from its employment in the cases of several friends, to whom I had recommended it, constrain me to contribute, for such use as you may think proper to make of it, this formal acknowledgment of its amitary virtues. My own case was Dyspepsia of long duration, and very aggravated in its character, manifested by an aimost total destruction of the digestive functions, great debility, nervousness, canaciation, and impaired appetite, with pain, and a burning sensation in the lest side of the chest, palpitation of the heart, vertige and congestion in the head, and many other symptoms indicative of the worst type of the disease, by the use of three or four bottles of your preparation, been entirely relieved. The cases of my friends, in which your Medicine was taken, were Dyspepsia, Chronic Headache, and Sore Throat, in all of which it proved efficacious, after the trial of a vast number of other remedies without benefit. Your medicine is as pleasant to the taste as a cordial, and in my experience corrects all derangement of the stomach, restores the wasted or enfeebled renzyles of the digestive organs, and imparts strength and resulmation to the whole system.

Very respectfully, yours, &c.,

J. HOWARD GRIFFITH,

Marshall Buildings,

Baltimore, Md.

VALUABLE LAW BOOKS.

A General Index to the first 47 Vols. of the English Common Law Reports.

By Hon. George Sharswood and George W. Biddle, Esqrs. 1 vol. 8vo.—\$5 00.

With this Key to their contents, the English Common Law Reports present to the Profession a mass of legal lesrning in the shape of Opinions, Data, elaborate Arguments, &c., &c., sufficient, probably, for the Elucidation and Prosecution or Defence of any case that can arise in our Courts of Law; and being thus made easily and instantly accessible, these Reports will be found so comprehensive, convenient, and cheap, as to supersede the necessity of other or more expensive scales.

The Index will be found of great value to all possessing the Reports; and of great onvenience to those having access to, but not owning the series.

New English Exchequer Reports-Pleas and Equity.

To be reprinted in full, in best style, with American totes, by J. I. Clark Hars and H. B. Wallace, Esqrs, at

Notes, by J. I. CLARK HARS and H. B. WALLACE, Esqre, at \$2.50 per vol., bound.
Including McClelland and Younge, Younge and Jervis, Crompton and Meeson, Crompton and Meeson, Crompton, Meeson and Roscoe, Meeson and Younge and Collyer—in Equity.
Meeson and Welsby, in 19 vols., Welsby, Huristone and Gordon, vol. 1, published and ready for delivery.

B We take pleasure in referring to the accompanying letters, explanatory of the character of these Reports, and their value to the Profession in this country:

CAMBRIDGE, January 25, 1845.

Messrs. T. & J. W. Johnson:
Gentlemen—In reply to your letter, I can with great

Gentlemen—In reply to your letter, I can with great sincerity say, that I entertain a very high opinion of the quer Reports. In my judgment they are no recent Exchequer Reports. In my judgment they are not excelled by any colemporaneous Reports, in learning, sbility, or general utility and interest. The cases decided are discussed with great care, and expounded with uncommon force. I scarcely know of any volumes which I deem of more importance or value for a Professional Library.

JOSEPH STORY.

of more importance or value for a Professional Library.

JOSEPH STORY.

Camerica, January 25, 1845.

Gentlemen: Your letter of the 24th has been received, in which you ask my opinion as to the value of the English Exchequer Reports, from Price downwards to this time, to an American Lawyer, and as to the expediency of reprinting them in this country. Of the high value of these Reports, both on the Pleas and Equity sides of the Court, I have not the least doubt—the decisions of this Court for the last fifteen or twenty years, both at Equity and in Common Law, being entitled to equal respect with any others in England. I should think an American Lawyer's Library essentially incomplete without them.

I am, gentlemen, very respectfully yours, SIMON GREENLEAP.

Mesers. T. & J. W. Johnson.

Law Library.

Pourth Series—Forty Volumes.

Twelve Dollars a year, bound—Ten Dollars in Numbers.

The cheapest Law Periodical in the United States.

It is our determination to make the Law Library the cheapest series of reprints of English Law publications in this country. The Editorial Department will, we trust, be found fully to realize the expectations of those who have enjoyed Smith's Mercantile Law, Touchstone, Broom's Legal Maxims, Archbold's Niel Prius, Archbold's Landlord and Tenant, Crabb on Real Proporty, Smith on Contracts.

The high reputation which the "Law Library" has acquired throughout the United States, by the character of its volumes, and by the cheap rate at which its valuable contents have been presented to the Profession, is the best evidence we can offer of its merits and its claims for your support. We hope, and will aim, to retain this high character.

Leading Cases in Law and Equity. Leading Cases in Law and Equity.

Is Three Series—With American Notes.

1. White and Tudor's Leading Cases in Equity, 1 vol.

8ve. \$4 50; with copious and elaborate American Notes, by Messre. Hare & Wellace.

2. Smith's Leading Cases, 2 vols.—\$10.

Thir! American Edition—with Notes and Reforences to late E. glish and American Decisions, J. I. Clerk Hare and H. B. Tallace, Esgrs.

2. A nerican Leading Cases, 2 vols.

Containing voluminous and learned notes o the Leading Cases in Mercantile Law decided by the American Courts. Edited by John Innis Clark Hare, Esq., and Horace Binney Wedlace, Esq.—\$9.

The English Ecclesiastical Reports.

The English Ecclesiastical Reports.

Seven Volumes—224 50.

Furnish a series of Decisions in the Ecclesiastical Courts of England and Scotland, from 1790 to 1833, and contain seventeen English volumes condensed in seven.

"We respectfully commend this series to the notice of the Profession. It contains the only reports of the many important cases of Wills, Settlements, Divorces, &c., and covers the whole of that important branch of the law embraced in this country by the Orphans' Court Practice.

"It would be difficult to point to any English Reports of more general value in the United States, than this selection of Decisions."—Marvin's Legal Bibliography.

British Crown Cases Reversed.

Three Folumes—\$0.

From 1705 to 1840—To be continued.

The Decisions upon the Crown Cases reversed for the consideration of the Twelve Jugges of England, are of the first importance to the due administration of the criminal justice of the country; and in committing to the press those which have occurred during a recent period of more than forty years, the publishers believe that they are making an acceptable communication to the Profession and the public.

The three volumes already published contain all the Reversed Cases since Leach.

The three volumes aircady parts.

Reversed Cases since Leach.

Law Booksellers, Publishers, and Importers

169 Chestnut st., Philadelph

WILMINGTON BOARDING SCHOOL
FOR BOYS.—This institution to situated in
one of the healthlest parts of the city of Wilmington, entirely beyond the settled portions of the town. The uniform besithfulness of the location may be interred from
the fact that, since the establishment of the School, about
trenty-eight years, very few cases of serious indisposition
have occurred among the pupils, and not a single death
either here, or from diseases contracted while hope.
The course of instruction includes, besides the ordinary
Ragilab branches, Natural Philosophy, Chesaistry, Physclogy, History, Rhetoric, the various branches of Mathematics, and the Istin, Greek, and French languages. Particular steation is paid to the higher Mathematics and
their application to Mechanica and Engineering; the latter
and Surveying are taught practically by field operations,
with the use of spropriate instruments. Lectures on
Natural Philosophy and Chemistry, in which all the important principles are flustrated by experiments, are
regularly delivered before the students.

As the object is to make the instruction as thorough
and practical as possible, no expense has been spared in
providing suitable apparatus. It is believed that, in this
respect, the Institution will compare favorably with any
similar one in the country. A carefully selected library,
of more than one thousand volumes, containing works on
the various branches of filterature and Science, farnishes
ample reading matter; while a Laboratory, July supplied
with apparatus and tests, contains all that is necessary for
practical instruction in Chemical Manipusition.

The school year commenced on the third Secondmonth (July).

SAMUEL ALSOP,

For conveying Passengers to and from Great Britain and Ireland, and remitting money to all parts of English, July 1975.

Street, New York, WM. TAPSCOTT & CO., 86 South Buildings, Regent's Road, Liverpool.

In announcing the completion of their arrangements for the present season of emigration, the subscribers beginned by them to ensure a good that every effective the subscribers and public that every effective them.

Agents throughout the United States and Canada. This, they feel assured, is a sufficient guaranty for promptness, and a full security that passengers will be quickly and carefully dispatched. The subscribers are agents for the New Line of Liverpool Packets, viz. "Queen of the West," Capt. P. Woodhouse; "Sheridan," Captain G. B. Cornish; "Constitution," Captain John Britton; "Garrick," Captain B. J. H. Trask; "Hottinguer," Captain H. Bursley; "Roedius," Captain Eldredge; "Inverpool," Captain J. Eldredge; "Stidons," Captain Cobb.

The "Union" Line of Liverpool packets, comprising the "Rappalanmoek," "American," (usw.) "Niagara," "Atlantic," "Cornella," "Adriondack," "Sa," "Emplay," "Ivanhoe," (new.) "Mortimer Livingston," (new.) &c. The "St. George," "St. Patrick," &c. And many other first-class Packets, which this limited space will not admit of enumeration—sufficient in number, however, to despatch a Packet from Liverpoid at least every five days, thus preventing any delay whatever at that port.

The London line of Packets, comprising 24 ships, sail on the left, 8th, 16th, and 24th of each month.

The ships comprising the above Lines are already well known to be all of the first and largest class, commanded by the most experienced men, in the different trades, sarátted up strictly with an eye to the comfort of passengers of every grade, and will sail punctually on their stated days.

W. & J. T. Tapscott & Co. can confidently assert that they now possess facilities for carrying on the Emigration business between the Old and new World, superior to any other establishment in the country, and through their own exertions and the combined efforts of William Tapscott & Co., of Liverpool, their numerous customers may rest assured that the greatest punctuality will be noticed and perfect satisfaction given in every branch of their business.

REMITANCES TO ENGLAND, RELAND, SCOTLAND, AND WALES.

rest assured that the greatest punctuality will be noticed and perfect satisfaction given in every branch of their business.

RESMITANCES TO ENGLAND, IRELAND, SCOTLAND, AND WALES.

The subscribers supply Drafts for any amount from £1 upwards, drawn direct and payable at the National Bank of Ireland and Branches, Exchange & Discount Bank, and Wm. Tapecott & Co., Liverpoof; National Provincial Bank of England, Bank of Scotland and Branches, Messrs. James Butt, Sons & Co., London. All of which are paid on demand, without discount or any other charge.

Persons residing in the country and wishing to send money to their friends, may insure its being sent satisfactorily, on their remitting to the subscribers the amount they wish sent, with the name and address of the person for whom it is intended; a draft for the amount will then be forwarded, per first salling Packet or Steamer, and herceipt for the same returned by Mail.

Persons having money in the Old Country which they wish to receive, without the expense of going for it, may get it safely transmitted by its being deposited with Wm. Tapecott & Co., Liverpool, and an order from them for the amount will meet promt payment here.

W. & J. T. TAPECOTT & CO. having the most extended arrangements for conveyance of passengers from New York to the Far West of any house in the trade, they are enabled to offer them any mode of conveyance, whether rallroad, canal, or steamboat, and that at prices as low as are usually paid for the worst possible conveyance, and with a certainty of their not being subjected to any delay or imposition on the route.

Every information given on application either personally, or by letter addressed to W. & J. T. TAPECOTT & Co.,

At their General Emigration and Foreign
Exchange Office, 86 South st., New York.

Or to W. TAPECOTT & Co., Ed. Charles McDermott, Serving Road, Liverpool.

CHARLES McDermott, Esq., Agent for Lowell, Massenbusotts.

NOTICE.

BALTIMORE AND WASHINGTON RAILROAD.

BALTIMORE AND WASHINGTON RAILROAD.

N and after WEDNESDAY next, 9th instant, the station on Peunsylvania avenue will be vacated, and the new one on New Jersey avenue occupied.

The Passenger trains will leave the latter, commencing at 5 p. m., as usual, at 6 and 9 a. m. and 6 p. m. daily, except on Sunday, when but two trains run, viz., at 6 a. m. and 5 p. m.

In making this change, the undersigned desires to call attention to the rules of the Company, in regard to the reception and delivery of merchandise:

1st. Shippers are reminded, that in all cases a bill with full directions should accampany the goods.

This is for the protection of both parties, and unless complied with the goods cannot be received.

2d. Consignees are notified that all merchandise must be removed on the same day upon which it is received, as the Company cannot hold itself responsible for any thing left in its house during the night.

The hours for reception and delivery of merchandise are from 8 a. m. till 4 p. m.

The undersigned takes occasion to remark that these are not new regulations, but he has been compelled to call attention to them from their frequent violation, which has caused much and serious inconvenience.

FURNISHING MAIL LOCKS AND KEYS.

Poar Offfice Department,

I other kind for those now in use for the mail service of the United States, specimen locks and keys, wifth proposals to furnish the same, will be received and confidered at the Post Office Department until the first day of July next. The different locks will be submitted to a commission for examination and report. Upon this report, contracts will, as soon as practicable, be entered into for furnishing such locks and keys for four years, with the right on the part of the Post Office of the contract in force for an additional term of four years, by giving to the contractor a written notice to that effect, not more than nine nor less than six months before the termination of the first term of four years.

With a view of procuring the best lock at the lowest price, no kind of lock is prescribed as a standard, the Department relying for a selection on the mechanical skill and ingeauity which a fair composition, now invited, may develop. It is, however, proper to state that a lock sultable for the mail service should possess the following qualities, viz: durability, uniformity, lightness, and strength. For the purpose of displacing simultaneously all the mail locks and keys now in use, about thirty thousand new locks and keys now in use, about thirty thousand mew locks and keys now in use, about thirty thousand mew locks and keys now in use, about thirty thousand move locks and twenty thousand dys alaphet thereto will be required to be furnished by the contractor within seven months after the contract shall have been entered into; afterwards the amunal supply will depend on the durability of the locks and keys adopted mas well as the increase of the mail service; but it will probably nover exceed in amount three thousand of the former and one thousand of the latter.

No lock will be considered if it be like any already in general use; nor will any one with whom the contract may be made

HUNT'S MERCHANTS' MAGAZINE AND COMMERCIAL REVIEW.

ters received by the editor of the Merchants' Magazina from distinguished statesmen:

Latter from the Hon. Henry Clay.

Ashlarh, 20th July 1849.

Dear Sir: I wish to express to you the gratheation I derived on receiving the July humber of the Merchants' Magazine and Commercial Review, from viewing your portrait in the beginning, and from reading your address to your friends at the end of it. When we feel under obligations to those who have contributed to our information and amusement, we are naturally desirous to possess all the knowledge of them, of their appearance, of the feetures of their countenance, and of the character and habits of their mind, which we can acquire. You have blaced your numerous readers (at least you have mie, if I may not speak for them) under those obligations; and the number of your valuable work now before me, in some degree, satisfies the desire to which I have alluded.

I have become quite familiar with the Magazine and Review, and have no hestation in expressing my humble opinion that it is eminently entitled to the public regard and support. It collects and arranges, in good order, a large amount of valuable statistical and other information, highly useful not only to the merchant, but to the statement, to the cultivator of the earth, to the manufacturer, to the mariner, in short, to all classes of the business and reading community.

Entertaining this opinion, I am glad that it has been, and

highly useful not only to the merchant, but to the statesman, to the cultivator of the earth, to the manufacturer, to the mariner, in short, to all classes of the business and reading community.

Entertaining this opinion, I am glad that it has been, and hope that it may continue to be, liberally patronized.

Officing you cordial assurances of my esteem and regard, I am truly your friend and obedient servant.

Freeman Hunt, esq.

Extract of a letter from Hon. Millard Fillmore.

"I have read it (Merchants' Magazine) with a good deal of attention, and have no hesitation in saying that I think it one of the mest valuable periodicals that was ever published. To the merchant it seems quite indispensable, and to the statesman and man of general information almost equally desirable. It is a grand repository of useful facts and information, which can be found nowhere so well digested and so accessible as in these numbers. I only regret that I do not own the whole work."

Letter from the Hon. Thomas H. Heston.

Washington Crry, April 20, 1849.

Mr. Freeman Hunt.—Sir: I owe you many thanks for the opportunities I have had to read the Marchants' Magazine, and have found it in reality to be a magazine, and that well replenished, of all the useful matter which the title would imply, and presented with a fullness and clearness which delights while it instructs. It is, in fact, a merchants' magazine in the large acceptation of the term—merchants who go between nations, whose large operations bring many departments of knowledge, and a view of the state of the world, into daily requisition. But it is not the great merchant only, but the one of more modest, but, nevertheless, of most useful operation—the merchants of the historia also—who will find this magazine as and the elevation of the mercantile character requires. Nor is its utility at all confined to merchants, but extends to the legislator and diplomatist, and to all who are charged with managing the affairs of the nation. For myself, I have found it most useful to me in

Very respectfully, sir, your obscient servant, THOMAS H. BENTON.;

Letter from Hon. Wm. H. Second.

My Dear Sir: Have the goodness to place my name en your list of subscribers for the Merchants Magazine. I regard it as an invaluable work for the use of all who would understand not merely commercial operations in this extending country, but the fiscal and commercial questions involved in the administration of the govern-

ment. I am, with great respect, your humble servant.
Freeman Hunt, esq. WILLIAM H. SEWARD.
The Merchanit' Magazine is published monthly, at 14's
fulton street, New York, by Frankan Hunt, and fur
nished to subscribers for Five Dollars a year, in advance.

SPRING IMPORTATION. & S. PHIPPS & CO., 54 and 55 Broadway, New York, and 16 Milk street, Boston, are now re a complete assortment of British, French, and Ger aple and Fancy Dry Goods, which they offer on N. B. Will receive the newest style of Drees Goods by every steamer. A large assortment of Trimming Goods always on hand.

MISSE & BROTHER, Manufacturers of Boudoir, Grand, and Square Pianos, request those who would be assured of a first class Piano, one that ladies can perform on with the greatest possible advantage—one that the lossh an be instantly adjusted to the exact strength of the finger and movement of music, one that will stand in concert tune, one that the tone will not become shrill said grating, that is chaste of style and elegantly made up of straight and regular curve lines, that will least an age—to zive them a call. The ancient standing of the Baltimore factory, and liberal patronage of citisens and others of the first order of artistic taste and science, conceded at once the most critical, have been fully anticipated. Their recently finished Grand Piano; also, that their late Boudoir, for style, power, and compass of tone, is not surpassed, if equalled, in the world. Friends and customers, please stop in and examine for yourselves.

No. 31 Hanover street, Baltimore.

* Elastic, because the keys recover their quiescent place in time equal to the displacing. Universal, because the same instrument may be instantly altered to any degree hard, or soft touch, so that ten thousand or more performers, all different, may each find the touch they prefer.

COLD SPRING WATER CURE.

COLD SPRING WATER CURE. HIS NEW AND SPLENDID ESTABLISHMENT

Cold Spring Watter Cure.

This new and splendid estates is situated about three miles from the city of Buffalo, in a rural spot, and so accessible from all points as to be reached without inconvenience or delay.

A line of omilhases runs from the steamboat landings in Buffalo to the springs every ten minutes.

The house and grounds are near the extensive and beautiful green-houses and nurseries of the Messra. Hodges & Bryants; and the scenery in all directions is unsurpassed, as regards either variety or beauty; embracing points of view, from which may be taken in at a giance the broad expanse of Lake Erie, the Nigara flowing majestically towards the Falls, extensive forests, and the "Queen City of the Lakes," with its moving paiorama of steamboats and cesseless enterprise.

The water, taken immediately from the celebrated "Cold Spring," is unsurpassed as regards coldness and purity, by any in the United States. The house, recently creeted at a cost of about seven thousand dollars, has been fitted up in a neat and elegant style, at considerable extra expense, and is sufficiently capacious to accommodate seventy-free patients.

Connected with the establishment, and constituting one of its attractions, are the fixtures and conveniences for innocent and healthful gymnastic exercises.

MEDICAL DEPARTMENT.

medical Department.

MEDICAL DEPARTMENT.

The institution is under the general supervision of S.
M. Davis, M. D., Professor of the Theory and Practice of
Medicine in Central Medical College, and Geo. W. Davis,
M. D., formerly of Dansville, N. Y., the resident physician,
and is permanently associated with the before meutioned
gentleman as counsel, and associate of the medical board
of control. And the friends of the establishment deem it
a matter of felicitation that the services of Miss Mary M.
Taylor, a lady of high medical attainments, who has attended two courses of lectures in the Central Medical College, have been secured, and that female patients can at
any time avail themselves of her invaluable aid and counsel.

tended two courses of lectures in the Central Medical College, have been secured, and that female patients can at any time avail themselves of her invaluable aid and counsel.

The steward's department is under the control of a gentleman eminently qualified for that position; and unweated price pains will be taken to have every thing superfaining to the establishment arranged on a plan, and conducted in a way, to ensure the comfort, and promote the health and happiness of all who may wish to avail themselves of its benefits. Baths of all descriptions, adapted to the curs of the various forms of disease, and constructed on a scale not inferior to those of any other setablishment in this country.

An enlightened public sentiment has everywhere repudiated a reckless use of drugs in the treatment of disease; while intelerable sufferings and broken constitutions have imperatively demanded "Reform." A return from a wide and fatal departure from the simplicity of Nature's laws is called for, alike by a rational love of happiness and the deplorable exigencies of our condition. Hydropathy, or a scientific use of water as a restorative and surative agent, is a practical substitution of a simple and remarkably efficacious mode of curring the sick; for that system of drugging, depleting, and cauterizing, which, in obtaining the mastery over disease, too frequently places the patient beyond the reach of further annoyance. The success of the various Water Cure establishments in this country, to say nothing of any other, has fully confirmed the hopes of the early discoverers and promingators of the great traths upon which the system is founded, and renders verbal communications unnecessary. It is deemed sufficient to asy, that the "Gold Spring Water Cure" will compare favorably with any of the well-conducted establishments of a similar character, and will be found equal to the best, as regards the order, convenience, and destrablements of its arrangements. The institution is now open for the reception of patients, and in full

Having lately made numerous additions to their stock of Fancy Types, Borders, Ornaments, &c., their assortment is now unrivalled in the United States; and their improved methods of casting, and of preparing metal, snable them to furnish orders in a manner to insure satisfaction.

Printing Presses, Cases, Stands, Chases, Galleys, Printing Presses, Cases, Stands, Chases, Galleys, Printing Internation required. Kach patient will be required to furnish two lines sheets, two cotton stantly on hand, at the lowest rates.

Second-hand Presses, and Type used only in stereotyping, at reduced prices.

Books, Pamphlets, Music, Labels, &c. &c., storeotyped with correctness and despatch.

N. B. Specimen Books will be sent to Printers who wish to make orders.
